WORK EXPERIENCE

Quality Compliance Coordinator	March 2024-December 2024
BIOSCRIPT SOLUTIONS, OAKVILLE, ON	
▪ Processing and investigating regulatory and process quality improvement reports; identify compliance gaps and implement CAPAs to ensure compliance. ▪ Support in the review of work instructions, SOPs, policies, etc., from other departments on behalf of Quality.	

- Act as a liaison and provide ongoing feedback to the internal and external Business Units, as well as taking initiative to address challenges and provide solutions, as it pertains to the quality of services.
- Support regulatory quality compliance audits as required.
- Conduct trending and compliance reviews; analyze data to provide insights and recommendations.
- Communicate and collaborate with internal and external stakeholders to achieve business objectives.
- Coordinate investigations and signatures.
- Maintain filing systems for control, security, and access of all master documents. Archive completed documents and records.
- Serve as a backup to the Quality Compliance and Document Management team.

Achievements:

- Successfully implemented multiple mitigation plans, leading to significant improvement in Patient Support Programs performance.
- Consistently achieve over 100% compliance rate, ensuring Quality Assurance standards are met.
- Closing over 45 reports per month, contributing to meeting the KPI.
- Utilize data analytics to monitor performance metrics, identify compliance gaps, and implement CAPA, resulting in quality improvement.

Bilingual Administrative Assistant BIOSCRIPT SOLUTIONS, OAKVILLE, ON

November 2021-March 2024

- Reviewed and processed patient enrollment forms for infants in a specialty biologic patient support program based on hospital-submitted dose requests, coordinated scheduled shipment of a multi-dose regimen per patient, and submitted and followed up on Ministry of Health approval requests where required, ensuring accurate, on-time delivery in line with clinical dosing requirements. Prepared, reviewed, and edited various forms of correspondence, including letters, invoices, presentations, publications, and reports both in English and French.
- Ordered pharmaceutical materials through a third-party vendor portal, tracked order fulfillment, and generated purchase orders (PO) and invoices for reconciliation and attachment to patient files - supporting accurate procurement records and program compliance.
- Conducted high-quality data entry, managed email and fax correspondence, and performed general administrative functions.
- Maintained strict confidentiality of sensitive information and adhered to patient information standards.
- Responded to general patient inquiries through calls and emails based on program materials.
- Organized and maintained filing systems, handling general office/administrative duties.
- Supported operational activities, including escalating service requests and submitting new tickets.
- Trained and provided support to new hires.
- Led and prepared project presentations with ideas and suggestions for the Operations team to facilitate and enhance task flows for the internal CRM platforms, ensuring business deliverables and KPIs are met.
- Assisted the Program Manager in reviewing and updating various documents, including Work Instructions (WI), Statements of Work (SOWs), and job aids.

CUSTOMER SERVICE REPRESENTATIVE BANK OF MONTREAL (BMO) FINANCIAL GROUP, OAKVILLE, ON

February 2020-September 2021

- Identified customer needs and provided advice and guidance on financial services in the best interests of customers.
- Implemented risk mitigation protocols and security measures to safeguard financial transactions.
- Monitored transactions for potential money laundering activities, adhering to anti-money laundering (AML) regulations and reporting suspicious activities as required.
- Supported customer requests for banking services and transactional needs.
- Assisted in coordinating meeting agendas and scheduling various types of appointments with different BMO business groups.
- Contributed to meeting branch business results and enhancing the overall customer experience.
- Engaged customers in need-based conversations to gain and build trust and rapport as well as identify potential opportunities and integrated strategic promotions and programs.
- Supported operational activities, including escalating service requests and following up on customer applications.
- Managed, loaded, and reconciled cash transactions between treasury and various branch units.
- Assisted the Branch Manager with daily operations, such as ordering and shipping cash and stock inventory.
